Subject: request for access to your property

Good day (b) (6), We have contacted Spirit Bank and they have informed us that they have not taken ownership of your property. As part of our investigation, we want to access your property to sample for contaminants. Since the bank does not claim ownership, you are still the owner of record. Do you still live in the Bristow area? Would it be possible to meet with you one afternoon next week to discuss our sample plan and get access to your property?

The person that would be meeting with you will be Todd Downham, Oklahoma Department of Environmental Quality. His number is 405-816-2737.

Thank you for your time.
